WORK EXPERIENCE

Apple Inc. 11 2024 – Present
Specialist, Scottsdale, Arizona

- Delivered personalized solutions by assessing customer needs and recommending Apple products, services, and purchase options, building long-term brand loyalty.
- Maintained strong knowledge of Apple's products, services, and in-store sales processes to provide accurate recommendations.
- Collaborated with teammates by sharing knowledge, giving and receiving feedback, and supporting an inclusive team environment during high-traffic moments.
- Supported device purchases, setup, and troubleshooting to ensure a seamless end-to-end experience.
- Resolved complex customer issues by combining active listening, personal experience, and Apple resources to create a more thoughtful and enjoyable customer journey.

Arizona State University 08 2024 – 01 2025
Research Aide, Tempe, Arizona

Contributed to preserving and managing diverse insect specimens by performing taxonomy, specimen handling, and database cataloging, ensuring the accuracy and accessibility of critical biological collections for research and education.

- Cataloged over 2,000 insect specimens into the Ecdysis database, ensuring precise classification and accessibility for researchers and educators.
- Integrated 100+ new specimen donations by accurately labeling family and genus levels, contributing to the expansion and diversity of the collection.
- Trained and mentored 5+ new employees and volunteers, improving team efficiency and maintaining high standards for specimen handling and data management.

Mayo Clinic 03 2024 - 03 2024
Intern, Scottsdale, Arizona

Supported the MedTech Accelerator program by acting as a vital connection between innovative startups, healthcare professionals, and academic experts to drive medical technology advancements and foster collaborative opportunities.

- Facilitated business development for 5+ MedTech startups, acting as the primary liaison between company teams, Mayo Clinic physicians, and ASU experts, ensuring clear communication and actionable outcomes.
- Achieved 100% program compliance by meticulously managing schedules, attending all meetings, and providing detailed documentation for every business development session, setting a standard for thoroughness.
- Enhanced program efficiency by developing standardized feedback templates, enabling startups to receive actionable insights more quickly compared to previous iterations of the program.
